For Immediate Release

RFID Global Solution, Inc. joins Dakota Defense Alliance to promote RFID in aerospace and defense manufacturing

RFID implementation for heartland defense manufacturers

Reston, VA, and Fargo, ND, May 28, 2009 - RFID Global Solution, Inc., the leader in real-time asset visibility solutions, announces it has joined the Dakota Defense Alliance (DDA), to provide RFID expertise to member companies, primarily defense contractors and Boeing suppliers.

The Dakota Defense Alliance was formed to expand defense industry opportunities in the Dakotas, raise the visibility of small and medium-sized rural manufacturers, and facilitate collaboration on topics such as RFID usage in the defense supply chain..

“Working with companies such as RFID Global Solution, Inc., the leading RFID integrator in aerospace and defense, will enable the DDA to make great strides toward our goal of being among the elite in the defense supply chain,” stated Kristin Hedger, Executive Director, Dakota Defense Alliance. “When our companies operate more efficiently, we can attract more defense contracts and raise wages. RFID Global Solution is a key addition to our partner ecosystem.”

“We value the opportunity to support DDA manufacturers with their RFID needs,” said Diana Hage, CEO, RFID Global Solution, Inc. “Not only is this a good business opportunity for us, it gives us the chance to support economic development in the US heartland by helping to develop the region as a hub for the deployment of RFID and other supply chain technologies.” RFID Global Solution, Inc. will provide RFID solutions and services to DDA member companies, and help set up a community college RFID training program.

“RFIDGS has significant experience working with the US DoD, service branches, Boeing and other aerospace manufacturing and commercial customers,” said Hedger, “which can be leveraged across our member companies to our mutual benefit.”

About RFID Global Solution, Inc.

RFID Global Solution, Inc. is the leading provider of asset visibility solutions for defense, government and commercial clients. RFIDGS delivers enterprise asset visibility and the widest range of sensory data from active and passive RFID, GPS and Cellular technologies, in its Visi-

Trac™ Real Time Visibility solution and award-winning turnkey and custom products. See www.rfidgs.com.

About Dakota Defense Alliance

The Dakota Defense Alliance (DDA) is an alliance of small and medium-sized manufacturers in the Dakotas interested in government defense contracts. The DDA was formed for the purpose of building business, strengthening the community and bettering our country. There is a strong support and respect in the Dakotas for the armed forces, and many manufacturing companies perform work for the US military. The Alliance provides a liaison to policy makers to ensure the promotion of policy that benefits the Dakotas and their defense business. Visit www.dakotadefensealliance.com.
